

**Election Protection Meeting
September 28
Colorado Education Association**

Jessie outlines some media idea along with the estimated cost of each item.

Ideas:

- FRESC can house the 501C(3) money
- The commission is open to the idea of increasing vote centers
- The C3 would function as an education piece around voting centers

Prioritize ads:

1. Ballot mailing (absentee)
2. Ads in community papers (full page ads listing vote centers and encourage absentee)
3. Signs in old voting places
4. General signage

Issues:

- The logistics of voting at ten minutes to vote is a problem; how many votes can be cast per hour?
- The goal is 120,000 VBMs returned

Meetings:

- The next election commission meeting is next Thursday (Stakeholder meeting)
- The next election protection meeting is at Bighorn Center on October 4

Note: The Bell Policy Center has a four page ballot guide that is great for talking points and training
