## Jim Geddes Announces Run for CU Regent

Sedalia Surgeon to Campaign for 6<sup>th</sup> District

Dr. Jim Geddes, a surgeon from Sedalia, will announce his candidacy for CU Regent representing the 6<sup>th</sup> congressional district Saturday at the Douglas County Republican Picnic.

Dr. Geddes attended University of Colorado at Boulder for his undergraduate degree and then attended University of Colorado Medical School. As an active alumnus of the University of Colorado, Dr. Geddes is looking forward to giving back to the institution that has given him so much.

“I will work hard to increase transparency and accountability. It is important that students and parents understand the true cost of a first-class education from an institution like CU. I also believe in the importance of having both high and specific knowledge standards for graduates,” said Geddes. Dr. Geddes’ older daughter is currently a senior at CU Boulder.

Dr. Geddes lives in Sedalia with his wife, Erin, and two younger children. He works at St. Anthony Summit Medical Center and Parker Adventist Hospital.
