**Subject:** regarding Senator Gordon for SoS

Honourable Sir:

Please continue to look deeply at Senator Gordon for this office. Just about half of us voted to elect him last time 'round for this office.

I have followed him closely for years, as have I followed the issues of our pitiful voting history in our beloved USA., our fine state included.

UN election watchers are on record saying we would've flunked their 3rd world criteria for our last 2 (previous to 2008) national elections.

We need this mans' dedication and sobriety to tackle this issue as well as all else the office requires.

i am also an admirer of Senator Romanoff; ( unfamiliar with Mr Buescher) but this time, i ask you to please consider deeply Ken Gordon for this office. I'd vote for him again in this field of candidates.

His lack of partisan nonsense is also much in demand. Not to mention a fine sense of humour, a basic requirement for public office, often overlooked, I think.

Best of the Holiday Joy to you and your fine family.

Thank you
