Subject: Bernie Buescher!

I am in Ken Gordon's district—he was rude to me at the Denver County Convention (even though I knew him when he was a public defender), and he sends me "campaigning" e-mails almost weekly. I know Bernie Buescher—I represented him when I was the attorney for the Transportation Commission and have watched him working through the joint budget committee and have seen his talent for looking at the state in a big picture perspective. I encourage you to highly consider appointing Bernie.
